

2027/2028 Verify Taxable Scholarships and Grants - Student

Student Name: _____ **Student ID:** _____

We recently received your 2027/2028 FAFSA results. We noticed that a large amount was entered for “Taxable student grant and scholarship aid.”

You should only enter an amount here if grants or scholarships were counted as taxable income on your 2025 federal tax return (Form 1040). For most families, grants and scholarships are not reported as taxable income. If they were not included as taxable income on your 2025 tax return, this amount may need to be corrected on your FAFSA. This form enables us to correct your FAFSA.

Please select the statement that is correct for your situation:

- ☐ The amount on the FAFSA is correct
- ☐ The amount on the FAFSA is incorrect and should be \$0.

If the amount listed is incorrect, by completing this document you are authorizing Carroll University to update the FAFSA to correct this information.

By signing this form, I certify that all the information reported on this form is complete and correct.
