

Summer Financial Aid Information

Degree seeking students who are at half time status (6 credits for Undergraduate students and 3 credits for Graduate students) during the summer term at Carroll University are eligible to receive Federal student loans, assuming all other eligibility requirements are met. Undergraduate students registered less than half time status may be eligible for Federal Grants (Pell/SEOG) as determined by your FAFSA.

When a student receives federal loans for the summer term, the funds received are not in addition to their fall and spring terms.

Example: A student is eligible and was offered a Federal Direct Loan of \$3,500 for the academic year (\$1,750 for the fall and \$1,750 for the spring). The student enrolls for six credits for the summer term at Carroll and wants to borrow a \$1,500 Direct Loan. Because the student borrowed the \$1,500 for the summer term, they are now eligible to only borrow \$2,000 for the academic year (\$1,000 for the fall and \$1,000 for the spring).

If you have registered for half time status at Carroll for the summer term and are interested in receiving Federal loans, you must complete and return this form to the Financial Aid Office as soon as possible. You also must complete the FAFSA, available at studentaid.gov/afsa. The last day we will process summer financial aid offers is August 15th. Keep in mind that by requesting financial aid for the summer term, your previous financial aid offer for the fall and spring terms will be adjusted accordingly.

The Financial Aid Office will review your enrollment status during the summer to confirm that your offer is calculated on the appropriate status. Please inform the Financial Aid Office if you add/drop any classes (through May 31, 2027).

Summer Federal Pell Grants will be disbursed according to the number of credits you are enrolled in for each term as of the last add date for each summer term. Students are not eligible to receive the portion of their Federal Pell Grant for classes that they have not attended.
