

Your spouse's 2027-28 Free Application for Federal Student Aid (FAFSA) indicates that you did not file a federal income tax return for 2025. In order to verify this information and complete your spouse's financial aid file, we are in need of this tax waiver as well as any 2025 W-2 forms you may have. The purpose of this form is to verify that you did not and are not required to file a federal income tax return for 2025 and to verify your 2025 sources of income (if any).

Please review the chart below or IRS Publication 501 at www.irs.gov to verify that you were not required to file taxes. For most cases, if your earned income for 2025 was more than the amount listed below based upon your filing status, we cannot accept this form and you must file 2025 Federal Taxes.

Age (at end of 2025)	Filing Status				
	Single	Married filing jointly	Married filing separately	Head of Household	Qualifying widow(er)
under 65 (both)	15,750	31,500	5	23,625	31,500
65 or older (both)	17,550	34,700	5	25,625	33,100

If you don't meet the criteria to have to file 2025 taxes:

- Complete and sign the form.
- Return the completed form and all 2025 W-2 forms to the Financial Aid Office.
